

Handout # 5

Maryland Commission on Climate Change

Commission Meeting #3 - April 28, 2015

Commission Meeting Schedule

The co-chairs of the Commission shall lead a discussion on a Commission Meeting Schedule

- The Commission discussed at the January 20th Commission Meeting the need for at least four meetings of the Climate Change Commission with at least one meeting in Annapolis during legislative session. The remaining meetings were to be scheduled at different locations throughout Maryland, as determined by the Commission.
- The Annapolis meeting was held on February 27th at DNR's headquarters.
- The MDE sees a need for meetings in June, August and October of the Commission to accomplish the following:
 - June – ensure all working groups rosters are finalized, review previews of contractor/ outside resource reports, discuss out year goals for 2050 and/ or interim years
 - August – discuss the draft outside resource reports
 - September – review and comment on draft commission reports
 - October – approve the final Commission reports that will be submitted to the Governor and General Assembly on November 15th
