Dredge Conowingo Pond. If you can get Constellation to pay for it, so much the better.

Dear MDE Regulatory and Customer Service Division Chief Danielle Spendiff,

Wow!
That form letter was too long.

Okay, here is what you need to do. I don't care who you make pay for it.

Dredge the area behind the dam. Everyone knows Conowingo Pond is almost filled. If anything goes wrong and all this muck spills into the Bay, it may never recover.

That would be on you.
The damage would be on all of us!

Respectfully,

Bill Temmink

Sincerely,
Bill Temmink
